Contents **1**

1 Module couples **3**
1.1 Variables . . . 3
1.2 Class couples . . . 3
1.2.1 Methods . . . 3

2 Module gift **4**
2.1 Variables . . . 4
2.2 Class gift . . . 4
2.2.1 Methods . . . 4

3 Module log **5**
3.1 Functions . . . 5
3.2 Variables . . . 5

4 Module new_boy **6**
4.1 Variables . . . 6
4.2 Class boy . . . 6
4.2.1 Methods . . . 6

5 Module new_girl **7**
5.1 Variables . . . 7
5.2 Class girl . . . 7
5.2.1 Methods . . . 7

6 Module normal **8**
6.1 Class choosy . . . 8
6.1.1 Methods . . . 8

7 Module util **9**
7.1 Variables . . . 9
7.2 Class util . . . 9
7.2.1 Methods . . . 9

8 Module utility **10**
8.1 Functions . . . 10
8.2 Variables . . . 10

Index **11**

1 Module couples

1.1 Variables

Name	Description
___package___	**Value:** `None`

1.2 Class couples

1.2.1 Methods

___init___(*self*, *girl*, *boy*)

set_happiness(*self*)

set_compatibility(*self*)

2 Module gift

2.1 Variables

Name	Description
___package___	**Value:** `None`

2.2 Class gift

Known Subclasses: util.util

2.2.1 Methods

___init___(*self*, *cost*, *name*, *_type*, *value*)

3 Module log

3.1 Functions

generator_log(*write*)

3.2 Variables

Name	Description
___package___	**Value:** `None`

4 Module new_boy

4.1 Variables

Name	Description
___package___	**Value:** `None`

4.2 Class boy

4.2.1 Methods

___init___(*self*, *name*, *attractiveness*, *intelligence*, *min_attraction_requirement*, *budget*, *_type*)

set_happiness(*self*, *happiness*)

set_girlfriend(*self*, *girlfriend*)

modify_boys_girl_budget(*self*, *budget*)

eligibility(*self*, *girls_maintainance_cost*, *girls_attractiveness*)

5 Module new_girl

5.1 Variables

Name	Description
___package___	**Value:** `None`

5.2 Class girl

5.2.1 Methods

___init___(*self*, *name*, *attractiveness*, *maintainance_budget*, *intelligence_level*, *_type*)

eligibility(*self*, *budget*)

modify_maitainance_budget(*self*, *budget*)

set_boyfriend(*self*, *boyfriend*)

set_happiness(*self*, *happiness*)

6 Module normal

6.1 Class choosy

6.1.1 Methods

___init___(*self*, *name*, *attractiveness*, *maintainance_budget*, *intelligence*, *_type*)

7 Module util

7.1 Variables

Name	Description
___package___	**Value:** `None`

7.2 Class util

gift.gift
└
util.util

7.2.1 Methods

___init___(*self*, *name*, *cost*, *value*, *_type*)

Overrides: gift.gift.___init___

8 Module utility

8.1 Functions

testing_utility()

8.2 Variables

Name	Description
___package___	**Value:** `None`
